IOF ANTI-DOPING RULES

INTRODUCTION

Preface

At the IOF Council meeting held on 10-11 October 2008 in Helsinki, Finland, the IOF accepted the revised (2009) World Anti-Doping *Code* (the *Code*). These Anti-Doping Rules are adopted and implemented in conformance with the IOF's responsibilities under the *Code*, and are in furtherance of the IOF's continuing efforts to prevent and eradicate doping in the sport of orienteering.

Anti-Doping Rules, like *Competition* rules, are sport rules governing the conditions under which sport is played. *Athletes* and other *Persons* accept these rules as a condition of participation and shall be bound by them. These sport-specific rules and procedures, aimed at enforcing anti-doping principles in a global and harmonized manner, are distinct in nature and, therefore, not intended to be subject to, or limited by any national requirements and legal standards applicable to criminal proceedings or employment matters. When reviewing the facts and the law of a given case, all courts, arbitral tribunals and other adjudicating bodies should be aware of and respect the distinct nature of the anti-doping rules in the *Code* and the fact that these rules represent the consensus of a broad spectrum of stakeholders around the world with an interest in fair sport.

Fundamental Rationale for the Code and IOF's Anti-Doping Rules

Anti-doping programs seek to preserve what is intrinsically valuable about sport. This intrinsic value is often referred to as "the spirit of sport"; it is the essence of Olympism; it is how we play true. The spirit of sport is the celebration of the human spirit, body and mind, and is characterized by the following values:

- Ethics, fair play and honesty
- Health
- Excellence in performance
- Character and education
- Fun and joy
- Teamwork
- Dedication and commitment
- Respect for rules and laws
- Respect for self and other participants
- Courage
- Community and solidarity

Doping is fundamentally contrary to the spirit of sport.

Basic Principles

These Anti-Doping Rules shall apply to the IOF, each *National Federation* of the IOF, and each *Participant* in the activities of the IOF or any of its *National Federations* by virtue of the *Participant's* membership, accreditation, or participation in the IOF, its *National Federations*, or their activities or *Events*.

To be eligible for participation in *IOF Events*, a competitor must have an *IOF licence* issued by his or her National Federation. The IOF licence will only be issued to competitors who have personally signed the Appendix 2 consent form, in the actual form approved by the IOF Council. All forms from under-age applicants must be counter-signed by their legal guardians.

The National Federation must guarantee that all athletes registered for an IOF Licence accept the rules of the IOF, including these IOF Anti-Doping Rules.

It is the responsibility of each *National Federation* to ensure that all national-level *Testing* on the *National Federation's Athletes* complies with these Anti-Doping Rules. In some countries, the *National Federation* itself will be conducting the *Doping Control* described in these Anti-Doping Rules. In other countries, many of the *Doping Control* responsibilities of the *National Federation* have been delegated or assigned by statute or agreement to a *National Anti-Doping Organization*. In those countries, references in these Anti-Doping Rules to the *National Federation* shall apply, as appropriate, to the *National Federation's National Anti-Doping Organization*.

These Anti-Doping Rules shall apply to all *Doping Controls* over which the IOF and its *National Federations* have jurisdiction.

ARTICLE 1 DEFINITION OF DOPING

Doping is defined as the occurrence of one or more of the anti-doping rule violations set forth in Article 2.1 through Article 2.8 of these Anti-Doping Rules.

ARTICLE 2 ANTI-DOPING RULE VIOLATIONS

Athletes and other *Persons* shall be responsible for knowing what constitutes an anti-doping rule violation and the substances and methods which have been included in the Prohibited List.

The following constitute anti-doping rule violations:

2.1 The presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample*

2.1.1 It is each *Athlete's* personal duty to ensure that no *Prohibited Substance* enters his or her body. *Athletes* are responsible for any *Prohibited Substance* or its *Metabolites* or *Markers* found to be present in their *Samples*. Accordingly, it is not necessary that intent, fault, negligence or knowing *Use* on the *Athlete's* part be demonstrated in order to establish an anti-doping violation under Article 2.1.

2.1.2 Sufficient proof of an anti-doping rule violation under Article 2.1 is established by either of the following: presence of a *Prohibited Substance* or its *Metabolites* or *Markers* in the *Athlete's A Sample* where the *Athlete* waives analysis of the *B Sample* and the *B Sample* is not analyzed; or, where the *Athlete's B Sample* is analyzed and the analysis of the *Athlete's B Sample* confirms the presence of the *Prohibited Substance* or its *Metabolites* or *Markers* found in the *Athlete's A Sample*.

2.1.3 Excepting those substances for which a quantitative threshold is specifically identified in the *Prohibited List*, the presence of any quantity of a *Prohibited Substance* or its *Metabolites* or *Markers* in an *Athlete's Sample* shall constitute an anti-doping rule violation.

2.1.4 As an exception to the general rule of Article 2.1, the *Prohibited List* or *International Standards* may establish special criteria for the evaluation of *Prohibited Substances* that can also be produced endogenously.

2.2 Use or Attempted Use by an *Athlete* of a *Prohibited Substance* or a *Prohibited Method*

2.2.1 It is each *Athlete's* personal duty to ensure that no *Prohibited Substance* enters his or her body. Accordingly, it is not necessary that

intent, fault, negligence or knowing *Use* on the *Athlete's* part be demonstrated in order to establish an anti-doping rule violation for *Use* of a *Prohibited Substance* or a *Prohibited Method*.

2.2.2 The success or failure of the *Use* or *Attempted Use* of a *Prohibited Substance* or *Prohibited Method* is not material. It is sufficient that the *Prohibited Substance* or *Prohibited Method* was *Used* or *Attempted* to be *Used* for an anti-doping rule violation to be committed.

2.3 Refusing or failing without compelling justification to submit to *Sample* collection after notification as authorized in these Anti-Doping Rules, or otherwise evading *Sample* collection.

2.4 Violation of applicable requirements regarding *Athlete* availability for *Out-of-Competition Testing*, including failure to file required whereabouts information and missed tests which are declared based on rules which do not comply with the *International Standard for Testing*. Any combination of three missed tests and/or filing failures within an eighteen-month period as determined by Anti-Doping Organizations with jurisdiction over the *Athlete* shall constitute an anti-doping rule violation.

2.5 *Tampering* or *Attempted Tampering* with any part of *Doping Control*.

2.6 *Possession of Prohibited Substances and Methods*

2.6.1 *Possession* by an *Athlete In-Competition* of any *Prohibited Method* or any *Prohibited Substance*, or *Possession* by an *Athlete Out-of-Competition* of any *Prohibited Method* or any *Prohibited Substance* which is prohibited *Out-of-Competition* unless the *Athlete* establishes that the *Possession* is pursuant to a therapeutic use exemption ("*TUE*") granted in accordance with Article 4.4 (Therapeutic Use) or other acceptable justification.

2.6.2 *Possession* by an *Athlete Support Personnel In-Competition* of any *Prohibited Method* or any *Prohibited Substance*, or *Possession* by an *Athlete Support Personnel Out-of-Competition* of any *Prohibited Method* or any *Prohibited Substance* which is prohibited *Out-of-Competition*, in connection with an *Athlete*, *Competition* or training, unless the *Athlete Support Personnel* establishes that the *Possession* is pursuant to a *TUE* granted to an *Athlete* in accordance with Article 4.4 (Therapeutic Use) or other acceptable justification.

2.7 *Trafficking* or *Attempted Trafficking* in any *Prohibited Substance* or *Prohibited Method*.

2.8 Administration or *Attempted* administration to any *Athlete In-Competition* of any *Prohibited Method* or *Prohibited Substance*, or administration or *Attempted* administration to any *Athlete Out-of-Competition* of any *Prohibited Method* or any *Prohibited Substance* that is prohibited *Out-of-Competition*, or assisting, encouraging, aiding, abetting, covering up or any other type of complicity involving an anti-doping rule violation or any *Attempted* anti-doping rule violation.

ARTICLE 3 PROOF OF DOPING

3.1 Burdens and Standards of Proof

The IOF and its *National Federations* shall have the burden of establishing that an anti-doping rule violation has occurred. The standard of proof shall be whether the IOF or its *National Federation* has established an anti-doping rule violation to the comfortable satisfaction of the hearing panel bearing in mind the seriousness of the allegation which is made. This standard of proof in all cases is greater than a mere balance of probability but less than proof beyond a reasonable doubt. Where these Rules place the burden of proof upon the *Athlete* or other *Person* alleged to have committed an anti-doping rule violation to rebut a presumption or establish specified facts or circumstances, the standard of proof shall be by a balance of probability, except as provided in Articles 10.4 and 10.6, where the *Athlete* must satisfy a higher burden of proof.

3.2 Methods of Establishing Facts and Presumptions

Facts related to anti-doping rule violations may be established by any reliable means, including admissions. The following rules of proof shall be applicable in doping cases:

3.2.1 WADA-accredited laboratories are presumed to have conducted *Sample* analysis and custodial procedures in accordance with the *International Standard* for Laboratories. The *Athlete* or other *Person* may rebut this presumption by establishing that a departure from the *International Standard* for Laboratories occurred which could reasonably have caused the *Adverse Analytical Finding*.

If the *Athlete* or other *Person* rebuts the preceding presumption by showing that a departure from the *International Standard* for Laboratories occurred which could reasonably have caused the *Adverse Analytical Finding*, then the IOF or its *National Federation* shall have the burden to establish that such departure did not cause the *Adverse Analytical Finding*.

3.2.2 Departures from any other *International Standard* for Laboratories or other anti-doping rule or policy which did not cause an *Adverse Analytical Finding* or other anti-doping rule violation shall not invalidate such results. If the *Athlete* or other *Person* establishes that a

departure from another *International Standard* or other anti-doping rule or policy which could reasonably have caused the *Adverse Analytical Finding* or other anti-doping rule violation occurred, then the IOF or its *National Federation* shall have the burden to establish that such a departure did not cause the *Adverse Analytical Finding* or the factual basis for the anti-doping rule violation.

3.2.3 The facts established by a decision of a court or professional disciplinary tribunal of competent jurisdiction which is not the subject of a pending appeal shall be irrebuttable evidence against the *Athlete* or other *Person* to whom the decision pertained of those facts unless the *Athlete* or other *Person* establishes that the decision violated principles of natural justice.

3.2.4 The hearing panel in a hearing on an anti-doping rule violation may draw an inference adverse to the *Athlete* or other *Person* who is asserted to have committed an anti-doping rule violation based on the *Athlete's* or other *Person's* refusal, after a request made in a reasonable time in advance of the hearing, to appear at the hearing (either in person or telephonically as directed by the hearing panel) and to answer questions either from the hearing panel or from the *Anti-Doping Organization* asserting the anti-doping rule violation.

ARTICLE 4 THE PROHIBITED LIST

4.1 Incorporation of the *Prohibited List*

These Anti-Doping Rules incorporate the *Prohibited List* which is published and revised by WADA as described in Article 4.1 of the *Code*. The *Prohibited List* in force is available on WADA's website at www.wada-ama.org.

4.2 *Prohibited Substances and Prohibited Methods Identified on the Prohibited List*

4.2.1 *Prohibited Substances and Prohibited Methods*

Unless provided otherwise in the *Prohibited List* and/or a revision, the *Prohibited List* and revisions shall go into effect under these Anti-Doping Rules three months after publication of the *Prohibited List* by WADA without requiring any further action by the IOF or its *National Federations*. As described in Article 4.2 of the *Code*, the IOF may request that WADA expand the *Prohibited List* for the sport of orienteering. The IOF may also request that WADA include additional substances or methods, which have the potential for abuse in the sport of orienteering, in the monitoring program described in Article 4.5 of the *Code*. As provided in the *Code*, WADA shall make the final decision on such requests by the IOF.

4.2.2 Specified Substances

For purposes of the application of Article 10 (Sanctions on Individuals), all *Prohibited Substances* shall be "Specified Substances" except (a) substances in the classes of anabolic agents and hormones; and (b) those stimulants and hormone antagonists and modulators so identified on the *Prohibited List*. *Prohibited Methods* shall not be Specified Substances.

4.3 Criteria for Including Substances and Methods in the *Prohibited List*

As provided in Article 4.3.3 of the *Code*, WADA's determination of the *Prohibited Substances* and *Prohibited Methods* that will be included in the *Prohibited List* and the classification of substances into categories on the *Prohibited List* is final and shall not be subject to challenge by an *Athlete* or other *Person* based on an argument that the substance or method was not a masking agent or did not have the potential to enhance performance, represent a health risk or violate the spirit of sport.

4.4 Therapeutic Use

4.4.1 *Athletes* with a documented medical condition requiring the use of a *Prohibited Substance* or a *Prohibited Method* must first obtain a *TUE*. The presence of a *Prohibited Substance* or its *Metabolites* or *Markers* (Article 2.1), *Use* or *Attempted Use* of a *Prohibited Substance* or a *Prohibited Method* (Article 2.2), *Possession* of *Prohibited Substances* or *Prohibited Methods* (Article 2.6) or *Administration* or *Attempted Administration* of a *Prohibited Substance* or *Prohibited Method* (Article 2.8) consistent with the provisions of an applicable *TUE* issued pursuant to the *International Standard* for Therapeutic Use Exemptions shall not be considered an anti-doping rule violation.

4.4.2 *Athletes* included by the IOF in its *Registered Testing Pool* and other *Athletes* participating in any *IOF Event* must obtain a *TUE* from or recognized by the IOF. The application for a *TUE* must be made as soon as possible (in the case of an *Athlete* in the *Registered Testing Pool*, this would be when he/she is first notified of his/her inclusion in the pool) and in any event (save in emergency situations) no later than 30 days before the *Athlete's* participation in the *Event*. *TUE* granted by the IOF shall be reported to the *Athlete's National Federation*, and to WADA through ADAMS.

4.4.3 *Athletes* who are not included by the IOF in its *Registered Testing Pool* and/or who do not participate in an *IOF Event* identified by the IOF must obtain a *TUE* from their *National Anti-Doping Organization* or other body designated by their *National Federation*, as required under the rules of the *National Anti-Doping Organization* or

the *National Federation*. The application for a *TUE* must be made as soon as possible (in the case of an *Athlete* in the *Registered Testing Pool*, this would be when he/she is first notified of his/her inclusion in the pool) and in any event (save in emergency situations) no later than 30 days before the *Athlete's* participation in the *Event*. *National Federations* shall promptly report any such *TUE* to the IOF, and WADA through ADAMS.

4.4.4 The IOF shall appoint an IOF Therapeutic Use Exemption Commission (IOF TUEC) to consider requests for *TUE's* in accordance with the *International Standard* for Therapeutic Use Exemptions. The TUE Commission member(s) shall promptly evaluate the request in accordance with the *International Standard* for Therapeutic Use Exemptions and render a decision on such request, which shall be the final decision of the IOF.

4.4.5 WADA, on its own initiative, may review at any time the granting of a *TUE* to any *International-Level Athlete* or athlete entered in a international event for which a *TUE* pursuant to the International Federation's rules is required or national-level *Athlete* who is included in his or her *National Anti-Doping Organization* or *National Federation's Registered Testing Pool*. Further, upon any request of any such *Athlete* who has been denied a *TUE*, WADA may review such denial. If WADA determines that such granting or denial of a *TUE* did not comply with the *International Standard* for Therapeutic Use Exemptions, WADA may reverse that decision. Decisions on *TUE's* are subject to further appeal as provided in Article 13.

ARTICLE 5 TESTING

5.1 Authority to Test

All *Athletes* under the jurisdiction of a *National Federation* shall be subject to *Testing* by the IOF, the *Athlete's National Federation*, and any other *Anti-Doping Organization* responsible for *Testing* at a *Competition* or *Event* in which they participate. All *Athletes* under the jurisdiction of a *National Federation*, including *Athletes* serving a period of ineligibility or a *Provisional Suspension*, shall be subject to *Testing* at any time or place, with or without advance notice, *In-Competition* or *Out-of-Competition* by the IOF, WADA, the *Athlete's National Federation*, the *National Anti-Doping Organization* of any country where the *Athlete* is present or of which the *Athlete* is national, resident, licence-holder or member of a sport organization, the IOC in connection with the Olympic Games, the IPC in connection with Paralympic Games, and any other *Anti-Doping Organization* responsible for *Testing* at a *Competition* or *Event* in which they participate. All *Athletes* must comply with any request for *Testing* by any *Anti-Doping Organization* with *Testing* jurisdiction.

5.1.1. The IOF Medical Commission shall be responsible for drawing up a test distribution plan for the sport of orienteering in accordance with Article 4 of the *International Standard for Testing*, and for the implementation of that plan, including overseeing all *Testing* conducted by or on behalf of the IOF. *Testing* may be conducted by members of the IOF or by other qualified persons so authorized by the IOF.

5.1.2. The IOF is responsible for doping tests at all senior World Championships and World Cups. Responsibility for doping tests at other events organised under the authority of the IOF rests with the organiser's federation, unless the IOF Council decides otherwise. All costs associated with conducting doping tests according to these Rules, except for the travelling costs of the IOF Anti-Doping Controller or approved nominee to and from the venue, are normally the responsibility of the organiser or the organiser's federation according to national agreements.

5.1.3. The IOF may conduct doping tests at any event organised under its authority. The IOF Council may decide, normally 6 months before an event, that doping tests must be conducted at that event.

5.1.4. The IOF may conduct doping tests at Regional and National Championships, or any similar event, and may conduct out-of-competition doping tests on any athlete who is under the jurisdiction of a *National Federation*. The IOF Council may decide, at any time, to conduct such doping tests. Responsibility for the costs associated with conducting such doping tests shall be subject of prior agreement between the IOF and the Regional Organization or the *National Federation* concerned or, in the absence of such agreement, shall be the responsibility of the IOF.

5.2 Test Distribution Plan

In coordination with other *Anti-Doping Organizations* conducting *Testing* on the same *Athletes*, and consistent with the *International Standard for Testing*, the IOF and its *National Federations* shall:

5.2.1 Plan and conduct an effective number of *In-Competition* and *Out-of-Competition* tests on *Athletes* over whom they have jurisdiction, including but not limited to *Athletes* in their respective *Registered Testing Pools*.

5.2.2 Except in exceptional circumstances all *Out-of-Competition Testing* shall be *No Advance Notice*.

5.2.3 Make *Target Testing* a priority.

5.2.4 Conduct *Testing* on *Athletes* serving a period of *Ineligibility* or a *Provisional Suspension*.

5.3 Standards for *Testing*

Testing conducted by the IOF and its *National Federations* shall be in substantial conformity with the *International Standard for Testing* in force at the time of *Testing*.

5.3.1 Blood (or other non-urine) *Samples* may be used to detect *Prohibited Substances* or *Prohibited Methods*, for screening procedure purposes or for longitudinal hematological profiling (“the passport”).

5.4 Co-ordination of *Testing*

5.4.1 *Event Testing*

The collection of *Samples* for *Doping Control* shall take place at both *International Events* and *National Events*. However, except as otherwise provided below, only a single organization should be responsible for initiating and directing *Testing* during the *Event Period*. At *International Events*, the collection of *Doping Control Samples* shall be initiated and directed by the international organization which is the ruling body for the *Event* (e.g., the International Olympic Committee for the Olympic Games, the IOF for a World Championship, and Pan-American Sports Organisation for the Pan American Games). At *National Events*, the collection of *Doping Control Samples* shall be initiated and directed by the designated *National Anti-Doping Organization* or *National Federation* of that country.

5.4.1.1 If the IOF or its *National Federations* nevertheless desires to conduct additional *Testing* of *Athletes* at an *Event* for which they are not responsible for initiating and directing *Testing* during the *Event Period*, the IOF or its *National Federations* shall first confer with the ruling body of the *Event* to obtain permission to conduct, and to coordinate, any additional *Testing*. If the IOF or its *National Federations* are not satisfied with the response from the ruling body of the *Event*, the IOF or its *National Federations* may ask WADA for permission to conduct additional *Testing* and to determine how to coordinate such additional *Testing*.

5.4.2 *Out-of-Competition Testing*

Out-of-Competition Testing shall be initiated and directed by both international and national organizations. *Out-of-Competition Testing* may be initiated and directed by: (a) WADA; (b) the International Olympic Committee or International Paralympic Committee in

connection with the Olympic Games or Paralympic Games; (c) the IOF or the *Athlete's National Federation*; or (d) any other *Anti-Doping Organization* that has *Testing* jurisdiction over the *Athlete* as provided in Article 5.1 (Authority to Test). *Out-of-Competition Testing* shall be coordinated through *ADAMS* where reasonably feasible in order to maximize the effectiveness of the combined *Testing* effort and to avoid unnecessary repetitive *Testing* of individual *Athletes*.

5.4.3 Report

The IOF and *National Federations* shall promptly report completed tests through the *WADA* clearinghouse in accordance with article 14.5 to avoid unnecessary duplication in *Testing*.

5.5 Athlete Whereabouts Requirements

5.5.1 The IOF shall identify a *Registered Testing Pool* of those *Athletes* who are required to comply with the whereabouts requirements of the *International Standard for Testing*, and shall publish the criteria for *Athletes* to be included in this *Registered Testing Pool* as well as a list of the *Athletes* meeting those criteria for the period in question. The IOF shall review and update as necessary its criteria for including *Athletes* in its *Registered Testing Pool*, and shall revise the membership of its *Registered Testing Pool* from time to time as appropriate in accordance with the set criteria. Each *Athlete* in the *Registered Testing Pool* (a) shall advise the IOF of his/her whereabouts on a quarterly basis, in the manner set out in Article 11.3 of the *International Standard for Testing*; (b) shall update this information as necessary, in accordance with Article 11.4.2 of the *International Standard for Testing*, so that it remains accurate and complete at all times; and (c) shall make him/herself available for *Testing* at such whereabouts, in accordance with Article 11.4 of the *International Standard for Testing*.

5.5.2 An *Athlete's* failure to advise the IOF of his/her whereabouts shall be deemed a filing failure for purposes of Article 2.4 where the conditions of Article 11.3.5 of the *International Standard for Testing* are met.

5.5.3 An *Athlete's* failure to be available for *Testing* at his/her declared whereabouts shall be deemed a missed test for purposes of Article 2.4 where the conditions of Article 11.4.3 of the *International Standard for Testing* are met.

5.5.4 Each *National Federation* shall also assist its *National Anti-Doping Organization* in establishing a national level *Registered Testing Pool* of top level national *Athletes* to whom the whereabouts

requirements of the *International Standard for Testing* shall also apply. Where those *Athletes* are also in the IOF's *Registered Testing Pool*, the IOF and the *National Anti-Doping Organization* will agree (with the assistance of *WADA* if required) on which of them will take responsibility for receiving whereabouts filings from the *Athlete* and sharing it with the other (and with other *Anti-Doping Organizations*) in accordance with Article 5.5.5.

5.5.5 Whereabouts information provided pursuant to Articles 5.5.1 and 5.5.4 shall be shared with *WADA* and other *Anti-Doping Organizations* having jurisdiction to test an *Athlete* in accordance with Articles 11.7.1(d) and 11.7.3(d) of the *International Standard for Testing*, including the strict condition that it be used only for *Doping Control* purposes.

5.6 Retirement and Return to Competition

5.6.1 An *Athlete* who has been identified by the IOF for inclusion in the *IOF's Registered Testing Pool* shall continue to be subject to these Anti-Doping Rules, including the obligation to comply with the whereabouts requirements of the *International Standard for Testing* unless and until the *Athlete* gives written notice to the IOF that he or she has retired or until he or she no longer satisfies the criteria for inclusion in the *IOF's Registered Testing Pool* and has been so informed by the IOF.

5.6.2 An *Athlete* who has given notice of retirement to the IOF may not resume competing unless he or she notifies the IOF at least six months before he or she expects to return to competition and makes him/herself available for unannounced *Out-of-Competition Testing*, including (if requested) complying with the whereabouts requirements of the *International Standard for Testing*, at any time during the period before actual return to competition.

5.6.3 *National Federations/National Anti-Doping Organizations* may establish similar requirements for retirement and returning to competition for *Athletes* in the national *Registered Testing Pool*.

5.7 Selection of Athletes to be Tested

5.7.1 On the proposal of the IOF Medical Commission, the IOF Council shall determine, normally at least 6 months before an *Event*, the number of athletes to undergo doping testing in each competition that is part of the *Event*, and the way in which the athletes shall be selected.

5.7.1.1 The IOF Anti-Doping Controller shall make the selection of athletes on a finishing position basis and/or a random basis

and that prior to the start of the *Event*. His/her selections shall be controlled by the Chair of the IOF Medical Commission.

5.7.2 At *National Events*, each *National Federation* shall determine the number of *Athletes* selected for *Testing* in each *Competition* and the procedures for selecting the *Athletes* for *Testing*.

5.7.3 In addition to the selection procedures set forth in Articles 5.7.1 and 5.7.2 above, the IOF Council may give the IOF Anti-Doping Controller or approved nominee the right to select *Athletes* or teams for *Target Testing* so long as such *Target Testing* is not used for any purpose other than legitimate *Doping Control* purposes.

5.7.4 *Athletes* shall be selected for *Out-of-Competition Testing* by WADA in accordance with any valid Drug Testing Service Agreement between the WADA and the IOF, or by the IOF, and by *National Federations*, through a process that substantially complies with the *International Standard for Testing* in force at the time of selection.

5.8 The IOF and the organizing committees for IOF *Events*, as well as the *National Federations* and the organizing committees for *National Federation Events* shall provide access to independent observers at *Events* in accordance with the *Independent Observers Program*.

5.9 An *Athlete* who is not regular member of the IOF or one of its *National Federations* will not be permitted to compete unless he or she is available for *Sample* collection and where applicable, he/she provides accurate and up-to-date whereabouts information as part of the IOF's or a *National Federation's Registered Testing Pool* at least three months before he or she expects to compete.

5.10 IOF Anti-Doping Controller and IOF Medical Commission

In each even-numbered year, the IOF Council shall appoint an IOF Anti-Doping Controller and an IOF Medical Commission for the next two calendar years. The IOF Anti-Doping Controller is responsible for ensuring that doping control is conducted according to the procedures laid down in the *Code* and these *Rules*. The IOF Medical Commission is responsible for advising the IOF Council on matters covered by the *Code* and these *Rules* and on other issues in the field of doping in sport.

5.10.1 The IOF Anti-Doping Controller, or nominee approved by the IOF Council, shall be present at competitions where doping control is conducted by, or on behalf of, the IOF. The traveling costs of the IOF Anti-Doping Controller or approved nominee to and from the venue shall be paid by the IOF. Local costs shall normally be paid by the organizer or the organizer's federation, according to national agreements.

ARTICLE 6 ANALYSIS OF SAMPLES

Doping Control Samples collected under these Anti-Doping Rules shall be analyzed in accordance with the following principles:

6.1 Use of Approved Laboratories

For purposes of Article 2.1 (Presence of a *Prohibited Substance* or its *Metabolites* or *Markers*), the IOF or its *National Federations* shall send *Samples* for analysis only to *WADA* accredited laboratories or as otherwise approved by *WADA*. The choice of the *WADA* accredited laboratory or other laboratory or method approved by *WADA* used for the *Sample* analysis shall be approved by the IOF or its *National Federations*.

6.2 Purpose of Collection and Analysis of Samples

Samples shall be analyzed to detect *Prohibited Substances* and *Prohibited Methods* identified on the *Prohibited List* and other substances as may be directed by *WADA* pursuant to the Monitoring Program described in Article 4.5 of the *Code* or to assist the IOF or its *National Federations* in profiling relevant parameters in an *Athlete's* urine, blood or other matrix, including DNA or genomic profiling, for anti-doping purposes.

6.3 Research on Samples

No *Sample* may be used for any purpose other than as described in Article 6.2 without the *Athlete's* written consent. *Samples* used (with the *Athlete's* consent) for purposes other than Article 6.2 shall have any means of identification removed such that they cannot be traced back to a particular *Athlete*.

6.4 Standards for Sample Analysis and Reporting

Laboratories shall analyze *Doping Control Samples* and report results in conformity with the *International Standard* for Laboratories.

6.5 Retesting Samples

A *Sample* may be reanalyzed for the purposes described in Article 6.2 at any time exclusively at the direction of the *Anti-Doping Organization* that collected the *Sample* or *WADA*. The circumstances and conditions for retesting *Samples* shall conform to the requirements of the *International Standard* for Laboratories.

ARTICLE 7 RESULTS MANAGEMENT

7.1 Results Management for *Tests* Initiated by the IOF

Results management for *Tests* initiated by the IOF (including *Tests* performed by WADA pursuant to agreement with IOF) shall proceed as set forth below:

7.1.1 The results from all analyses must be sent to the IOF Secretary General in encoded form, in a report signed by an authorised representative of the laboratory. All communication must be conducted in confidentiality and in conformity with *ADAMS*, a database management tool developed by WADA. *ADAMS* is consistent with data privacy statutes and norms applicable to WADA and other organizations using it.

7.1.2 Upon receipt of an *A Sample Adverse Analytical Finding*, the IOF shall conduct an initial review to determine whether:

(a) an applicable *TUE* has been granted or will be granted as provided in the *International Standard* for Therapeutic Use Exemptions, or

(b) there is any apparent departure from the *International Standard* for *Testing* or *International Standard* for Laboratories that caused the *Adverse Analytical Finding*.

7.1.3 If the initial review of an *Adverse Analytical Finding* under Article 7.1.2 does not reveal an applicable *TUE*, or entitlement to a *TUE* as provided in the *International Standard* for Therapeutic Use Exemptions, or departure that caused the *Adverse Analytical Finding*, the IOF shall promptly notify the *Athlete*, in the manner set out in Article 19, of:

(a) the *Adverse Analytical Finding*;

(b) the anti-doping rule violated;

(c) the *Athlete's* right to promptly request the analysis of the *B Sample* or, failing such request, that the *B Sample* analysis may be deemed waived;

(d) the scheduled date, time and place for the *B Sample* analysis if the *Athlete* or the IOF chooses to request an analysis of the *B Sample*;

(e) the opportunity for the *Athlete* and/or the *Athlete's* representative to attend the *B Sample* opening and analysis within the time period specified in the *International Standard* for Laboratories if such analysis is requested; and

(f) the *Athlete's* right to request copies of the *A* and *B Sample* laboratory documentation package which includes information as required by the

International Standard for Laboratories. The IOF shall also notify the *Athlete's National Anti-Doping Organization* and WADA. If the IOF decides not to bring forward the *Adverse Analytical Finding* as an anti-doping rule violation, it shall so notify the *Athlete*, the *Athlete's National Anti-Doping Organization* and WADA.

7.1.4 Where requested by the *Athlete* or the IOF, arrangements shall be made for *Testing* the B *Sample* within the time period specified in the *International Standard* for Laboratories. An *Athlete* may accept the A *Sample* analytical results by waiving the requirement for B *Sample* analysis. The IOF may nonetheless elect to proceed with the B *Sample* analysis.

7.1.5 The *Athlete* and/or his/her representative shall be allowed to be present at the analysis of the B *Sample* within the time period specified in the *International Standard* for Laboratories. Also a representative of the *Athlete's National Federation* as well as a representative of the IOF shall be allowed to be present.

7.1.6 If the B *Sample* proves negative, then (unless the IOF takes the case forward as an anti-doping rule violation under Article 2.2) the entire test shall be considered negative and the *Athlete*, his/her *National Federation*, and the IOF shall be so informed.

7.1.7 If a *Prohibited Substance* or the *Use of a Prohibited Method* is identified, the findings shall be reported to the *Athlete*, his/her *National Federation*, the IOF, and to WADA.

7.1.8 The IOF shall conduct any follow-up investigation into a possible anti-doping rule violation not covered by Articles 7.1.1 to 7.1.8. At such time as the IOF is satisfied that an anti-doping rule violation has occurred, it shall promptly give the *Athlete* or other *Person* subject to sanction notice, in the manner set out in Article 19, of the anti-doping rule violated, and the basis of the violation. The IOF shall also notify the *Athlete's National Anti-Doping Organization* and WADA.

7.2 Review of Atypical Findings

7.2.1 As provided in the *International Standards*, in some circumstances laboratories are directed to report the presence of *Prohibited Substances* which may also be produced endogenously as *Atypical Findings* subject to further investigation.

7.2.2 Upon receipt of an A *Sample Atypical Finding*, the IOF shall conduct an initial review to determine whether: (a) an applicable *TUE* has been granted, or (b) there is any apparent departure from the *International Standard* for *Testing* or *International Standard* for Laboratories that caused the *Atypical Finding*.

7.2.3 If the initial review of an *Atypical Finding* under Article 7.2.2 reveals an applicable *TUE* or departure from the *International Standard for Testing* or the *International Standard for Laboratories* that caused the *Atypical Finding*, the entire test shall be considered negative and the *Athlete*, the *Athlete's National Anti-Doping Organization*, and *WADA* shall be so informed.

7.2.4 If that initial review does not reveal an applicable *TUE* or departure that caused the *Atypical Finding*, the IOF shall conduct the required investigation. After the investigation is completed, the *Athlete*, *WADA* and the *Athlete's National Anti-Doping Organization* shall be notified whether or not the *Atypical Finding* will be brought forward as an *Adverse Analytical Finding*. The *Athlete* shall be notified as provided in Article 7.1.4.

7.2.5 The IOF will not provide notice of an *Atypical Finding* until it has completed its investigation and has decided whether it will bring the *Atypical Finding* forward as an *Adverse Analytical Finding* unless one of the following circumstances exists:

(a) If the IOF determines the *B Sample* should be analyzed prior to the conclusion of its follow-up investigation, it may conduct the *B Sample* analysis after notifying the *Athlete*, with such notice to include a description of the *Atypical Finding* and the information described in Article 7.1.4 (b) to (f).

(b) If the IOF receives a request, either from a *Major Event Organization* shortly before one of its *International Events* or a request from a sport organization responsible for meeting an imminent deadline for selecting team members for an *International Event*, to disclose whether any *Athlete* identified on a list provided by the *Major Event Organization* or sport organization has a pending *Atypical Finding*, the IOF shall so identify any such *Athlete* after first providing notice of the *Atypical Finding* to the *Athlete*.

7.3 Results Management for Tests Initiated During Other International Events

Results management and the conduct of hearings from a test by a *Major Event Organization* shall be managed, as far as sanctions beyond *Disqualification* from the *Event* or the results of the *Event*, by the IOF.

7.4 Results Management for Tests initiated by National Federations

Results management conducted by *National Federations* shall be consistent with the general principles for effective and fair results management which are underlined in the detailed provisions set forth in this Article 7. *Adverse Analytical findings*, *Atypical Findings* and other asserted violations of anti-doping rules shall be reported by *National Federations* in accordance with the

principles outlined in this Article 7 to the *Athlete's National Anti-Doping Organization*, the IOF and WADA no later than the completion of the *National Federation's* results management process. Any apparent anti-doping rule violation by an *Athlete* who is a member of that *National Federation* shall be promptly referred to an appropriate hearing panel established pursuant to the rules of the *National Federation*, *National Anti-Doping Organization* or national law. Apparent anti-doping rule violations by *Athletes* who are members of another *National Federation* shall be referred to the *Athlete's National Federation* for hearing.

7.5 Results Management for Whereabouts Violations

7.5.1 Results management in respect of an apparent *Filing Failure* by an *Athlete* in the IOF's *Registered Testing Pool* shall be conducted by the IOF in accordance with Article 11.6.2 of the *International Standard for Testing* (unless it has been agreed in accordance with Article 5.5.4 that the *National Federation* or *National Anti-Doping Organization* shall take such responsibility).

7.5.2 Results management in respect of an apparent Missed Test by an *Athlete* in the IOF's *Registered Testing Pool* as a result of an attempt to test the *Athlete* by or on behalf of the IOF shall be conducted by the IOF in accordance with Article 11.6.3 of the *International Standard for Testing*. Results management in respect of an apparent Missed Test by such *Athlete* as a result of an attempt to test the *Athlete* by or on behalf of another *Anti-Doping Organization* shall be conducted by that other *Anti-Doping Organization* in accordance with Article 11.7.6(c) of the *International Standard for Testing*.

7.5.3 Where, in any eighteen-month period, an *Athlete* in the IOF's *Registered Testing Pool* is declared to have three Filing Failures, or three Missed Tests, or any combination of Filing Failures or Missed Tests adding up to three in total, whether under these Anti-Doping Rules or under the rules of any other *Anti-Doping Organization*, the IOF shall bring them forward as an apparent anti-doping rule violation.

7.6 Provisional Suspensions

7.6.1 If analysis of an A Sample has resulted in an *Adverse Analytical Finding* for a *Prohibited Substance* that is not a Specified Substance, and a review in accordance with Article 7.1.2 does not reveal an applicable TUE or departure from the *International Standard for Testing* or the *International Standard for Laboratories* that caused the *Adverse Analytical Finding*, a *Provisional Suspension* shall be imposed promptly after the review and notification described in Article 7.1.

7.6.2 In any case not covered by Article 7.6.1 where the IOF decides to take the matter forward as an apparent anti-doping rule violation in accordance with the foregoing provisions of this Article 7, a *Provisional*

Suspension may be imposed after the review and notification described in Article 7.1, but prior to the analysis of the *Athlete's B Sample* or the final hearing as described in Article 8 (Right to a Fair Hearing).

7.6.3 However, a *Provisional Suspension* may not be imposed, whether pursuant to Article 7.6.1 or Article 7.6.2, unless the *Athlete* or other *Person* is given either (a) an opportunity for a *Provisional Hearing* either before imposition of the *Provisional Suspension* or on a timely basis after imposition of the *Provisional Suspension*; or (b) an opportunity for an expedited hearing in accordance with Article 8 (Right to a Fair Hearing) on a timely basis after imposition of a *Provisional Suspension*. *National Federations* shall impose *Provisional Suspensions* in accordance with the principles set forth in this Article 7.6.

7.6.4 If a *Provisional Suspension* is imposed based on an *A Sample Adverse Analytical Finding* and a subsequent *B Sample* analysis (if requested by the *Athlete* or *Anti-Doping Organization*) does not confirm the *A Sample* analysis, then the *Athlete* shall not be subject to any further *Provisional Suspension* on account of a violation of Article 2.1 of the *Code* (Presence of a *Prohibited Substance* or its *Metabolites* or *Markers*). In circumstances where the *Athlete* (or the *Athlete's* team as may be provided in these anti-doping rules) has been removed from a *Competition* based on a violation of Article 2.1 and the subsequent *B Sample* analysis does not confirm the *A Sample* finding, if, without otherwise affecting the *Competition*, it is still possible for the *Athlete* or team to be reinserted, the *Athlete* or team may continue to take part in the *Competition*.

7.7 Retirement from Sport

If an *Athlete* or other *Person* retires while a results management process is underway, the IOF or its *National Federations* conducting the results management process retains jurisdiction to complete its results management process. If an *Athlete* or other *Person* retires before any results management process has begun and the IOF or its *National Federations* would have had results management jurisdiction over the *Athlete* or other *Person* at the time the *Athlete* or other *Person* committed an anti-doping rule violation, the IOF or its *National Federations* have jurisdiction to conduct results management.

ARTICLE 8 RIGHT TO A FAIR HEARING

8.1 Hearings arising out of IOF Testing or Tests at International Events

8.1.1 When it appears, following the Results Management process performed by the IOF in accordance with Article 7, that these Anti-Doping Rules have been violated then the case shall be assigned to the IOF Doping Hearing Panel for adjudication.

8.1.2 Hearings pursuant to this Article shall be completed expeditiously following the completion of the results management process described in Article 7. Hearings held in connection with *Events* may be conducted on an expedited basis. If the *Athlete* has been imposed a *Provisional Suspension* as per Article 7.6, the *Athlete* has the right to request that the hearing be conducted on an expedited basis.

8.1.3 The *National Federation* of the *Athlete* or other *Person* alleged to have violated these Anti-Doping Rules may attend the hearing as an observer.

8.1.4 The IOF shall keep WADA fully apprised as to the status of pending cases and the result of all hearings.

8.1.5 An *Athlete* or other *Person* may forego a hearing by acknowledging the Anti-Doping Rule violation and accepting *Consequences* consistent with Articles 9 and 10 as proposed by the IOF. The right to a hearing may be waived either expressly or by the *Athlete's* or other *Person's* failure to challenge the IOF's assertion that an anti-doping rule violation has occurred within three months. Where no hearing occurs, the IOF shall submit to the *Persons* described in Article 13.2.3 a reasoned decision explaining the action taken.

8.1.6 Decisions of the IOF Doping Hearing Panel may be appealed to the Court of Arbitration for Sport as provided in Article 13.

8.2 Hearings following National Federations result management

8.2.1 When it appears, following the Results Management process performed by National Federations in accordance with Article 7, that these Anti-Doping Rules have been violated in connection, the *Athlete* or other *Person* involved shall be brought before a disciplinary panel of the *Athlete* or other *Person's National Federation* or *National Anti-Doping Organization* in accordance with the rules of the *National Federation* or the *National Anti-Doping Organization* for a hearing to adjudicate whether a violation of these Anti-Doping Rules occurred and if so what *Consequences* should be imposed.

8.2.2 Hearings pursuant to this Article 8.2 shall be completed expeditiously and in all cases within three months of the completion of the Results Management process described in Article 7. Hearings held in connection with *Events* may be conducted by an expedited process. If the *Athlete* has been imposed a *Provisional Suspension* as per Article 7.6, the *Athlete* has the right to request that the hearing be conducted on an expedited basis. If the completion of the hearing is delayed beyond three months, the IOF may elect to bring the case directly before the IOF Doping Hearing Panel at the responsibility and at the expense of the *National Federation*.

8.2.3 *National Federations* shall keep the IOF and WADA fully apprised as to the status of pending cases and the results of all hearings.

8.2.4 The IOF and WADA shall have the right to attend hearings as an observer.

8.2.5 The *Athlete* or other *Person* may forego a hearing by acknowledging the violation of these Anti-Doping Rules and accepting *Consequences* consistent with Articles 9 and 10 as proposed by the *National Federation*. The right to a hearing may be waived either expressly or by the *Athlete's* or other *Person's* failure to challenge, within three months, the *National Federation's* assertion that an anti-doping rule violation has occurred. Where no hearing occurs, the *National Federation* shall submit to the *Persons* described in Article 13.2.3 a reasoned decision explaining the action taken.

8.2.6 Decisions by *National Federations* or *National Anti-Doping Organizations*, whether as the result of a hearing or the *Athlete* or other *Person's* acceptance of *Consequences*, may be appealed as provided in Article 13.

8.3 Principles for a Fair Hearing

All hearings pursuant to either Article 8.1 or 8.2 shall respect the following principles:

- a timely hearing;
- fair and impartial hearing panel;
- the right to be represented by counsel at the *Person's* own expense;
- the right to be informed in a fair and timely manner of the asserted anti-doping rule violation;
- the right to respond to the asserted anti-doping rule violation and resulting *Consequences*;
- the right of each party to present evidence, including the right to call and question witnesses (subject to the hearing panel's discretion to accept testimony by telephone or written submission);
- the *Person's* right to an interpreter at the hearing, with the hearing panel to determine the identity, and responsibility for the cost of the interpreter; and
- a timely, written, reasoned decision, specifically including an explanation of the reason(s) for any period of *Ineligibility*.

ARTICLE 9 AUTOMATIC DISQUALIFICATION OF INDIVIDUAL RESULTS

An anti-doping rule violation in *Individual Sports* in connection with an *In-Competition* test automatically leads to *Disqualification* of the result obtained in that *Competition* with all resulting *Consequences*, including forfeiture of any medals, points and prizes.

ARTICLE 10 SANCTIONS ON INDIVIDUALS

10.1 Disqualification of Results in Event during which an Anti-Doping Rule Violation Occurs

An *anti-doping rule* violation occurring during or in connection with an *Event* may, upon the decision of the ruling body of the *Event*, lead to *Disqualification* of all of the *Athlete's* individual results obtained in that *Event* with all consequences, including forfeiture of all medals, points and prizes, except as provided in Article 10.1.1.

10.1.1 If the *Athlete* establishes that he or she bears *No Fault or Negligence* for the violation, the *Athlete's* individual results in the other *Competitions* shall not be *Disqualified* unless the *Athlete's* results in *Competitions* other than the *Competition* in which the Anti-Doping Rule violation occurred were likely to have been affected by the *Athlete's* Anti-Doping Rule violation.

10.2 Ineligibility for Presence, Use or Attempted Use, or Possession of Prohibited Substances and Prohibited Methods

The period of *Ineligibility* imposed for a violation of Article 2.1 (Presence of *Prohibited Substance* or its *Metabolites* or *Markers*), Article 2.2 (*Use or Attempted Use of Prohibited Substance or Prohibited Method*) or Article 2.6 (*Possession of Prohibited Substances and Prohibited Methods*) shall be as follows, unless the conditions for eliminating or reducing the period of *Ineligibility*, as provided in Articles 10.4 and 10.5, or the conditions for increasing the period of *Ineligibility*, as provided in Article 10.6, are met:

First violation: Two (2) years' *Ineligibility*.

10.3 Ineligibility for Other Anti-Doping Rule Violations

The period of *Ineligibility* for violations of these Anti-Doping Rules other than as provided in Article 10.2 shall be as follows:

10.3.1 For violations of Article 2.3 (Refusing or Failing to Submit to *Sample* collection) or Article 2.5 (*Tampering with Doping Control*), the *Ineligibility* period shall be two (2) years unless the conditions provided in Article 10.5, or the conditions provided in Article 10.6, are met.

10.3.2 For violations of Article 2.7 (*Trafficking*) or Article 2.8 (*Administration or Attempted Administration of Prohibited Substance or Prohibited Method*), the period of *Ineligibility* imposed shall be a minimum of four (4) years up to lifetime *Ineligibility* unless the conditions provided in Article 10.5 are met. An anti-doping rule violation involving a *Minor* shall be considered a particularly serious violation, and, if committed by *Athlete Support Personnel* for violations other than Specified Substances referenced in Article 4.2.2 shall result in lifetime *Ineligibility* for *Athlete Support Personnel*. In addition, significant violations of Articles 2.7 or 2.8 which may also violate non-sporting laws and regulations shall be reported to the competent administrative, professional or judicial authorities.

10.3.3 For violations of Article 2.4 (*Whereabouts Filing Failures and/or Missed Tests*), the period of *Ineligibility* shall be at a minimum one (1) year and at a maximum two (2) years based on the *Athlete's* degree of fault.

10.4 Elimination or Reduction of the Period of *Ineligibility* for Specified Substances under Specific Circumstances

Where an *Athlete* or other *Person* can establish how a Specified Substance entered his or her body or came into his or her *Possession* and that such Specified Substance was not intended to enhance the *Athlete's* sport performance or mask the *Use* of a performance-enhancing substance, the period of *Ineligibility* found in Article 10.2 shall be replaced with the following:

First violation: At a minimum, a reprimand and no period of *Ineligibility* from future *Events*, and at a maximum, two (2) years of *Ineligibility*.

To justify any elimination or reduction, the *Athlete* or other *Person* must produce corroborating evidence in addition to his or her word, which establishes to the comfortable satisfaction of the hearing panel the absence of an intent to enhance sport performance or mask the *Use* of a performance enhancing substance. The *Athlete's* or other *Person's* degree of fault shall be the criterion considered in assessing any reduction of the period of *Ineligibility*.

10.5 Elimination or Reduction of Period of *Ineligibility* Based on Exceptional Circumstances

10.5.1 No Fault or Negligence

If an *Athlete* establishes in an individual case that he or she bears *No Fault or Negligence*, the otherwise applicable period of *Ineligibility* shall be eliminated. When a *Prohibited Substance* or its *Markers* or *Metabolites* is detected in an *Athlete's Sample* in violation of Article 2.1 (*Presence of Prohibited Substance*), the *Athlete* must also establish how the *Prohibited Substance* entered his or her system in order to have the period of *Ineligibility* eliminated. In the event this Article is

applied, and the period of *Ineligibility* otherwise applicable is eliminated, the anti-doping rule violation shall not be considered a violation for the limited purpose of determining the period of *Ineligibility* for multiple violations under Article 10.7.

10.5.2 No Significant Fault or Negligence

If an *Athlete* or other *Person* establishes in an individual case that he or she bears *No Significant Fault or Negligence*, then the otherwise applicable period of *Ineligibility* may be reduced, but the reduced period of *Ineligibility* may not be less than one-half of the period of *Ineligibility* otherwise applicable. If the otherwise applicable period of *Ineligibility* is a lifetime, the reduced period under this Article may be no less than eight (8) years. When a *Prohibited Substance* or its *Markers* or *Metabolites* is detected in an *Athlete's Sample* in violation of Article 2.1 (Presence of a *Prohibited Substance* or its *Metabolites* or *Markers*), the *Athlete* must also establish how the *Prohibited Substance* entered his or her system in order to have the period of *Ineligibility* reduced.

10.5.3 Substantial Assistance in Discovering or Establishing Anti-Doping Rule Violations

The IOF or its *National Federations* may, prior to a final appellate decision under Article 13 or the expiration of the time to appeal, suspend a part of the period of *Ineligibility* imposed in an individual case where the *Athlete* or other *Person* has provided *Substantial Assistance* to an *Anti-Doping Organization*, criminal authority or professional disciplinary body which results in the *Anti-Doping Organization* discovering or establishing an anti-doping rule violation by another *Person* or which results in a criminal or disciplinary body discovering or establishing a criminal offense or the breach of professional rules by another *Person*. After a final appellate decision under Article 13 or the expiration of time to appeal, the IOF may only suspend a part of the otherwise applicable period of *Ineligibility* with the approval of WADA. After a final appellate decision under Article 13 or the expiration of time to appeal, *National Federations* may only suspend a part of the otherwise applicable period of *Ineligibility* with the approval of the IOF and WADA. The extent to which the otherwise applicable period of *Ineligibility* may be suspended shall be based on the seriousness of the anti-doping rule violation committed by the *Athlete* or other *Person* and the significance of the *Substantial Assistance* provided by the *Athlete* or other *Person* to the effort to eliminate doping in sport. No more than three-quarters of the otherwise applicable period of *Ineligibility* may be suspended. If the otherwise applicable period of *Ineligibility* is a lifetime, the non-suspended period under this Article must be no less than eight (8) years. If the IOF or its *National Federations* suspend any part of the

otherwise applicable period of *Ineligibility* under this Article, they shall promptly provide a written justification for its decision to each *Anti-Doping Organization* having a right to appeal the decision. If the IOF or its *National Federations* subsequently reinstate any part of the suspended period of *Ineligibility* because the *Athlete* or other *Person* has failed to provide the *Substantial Assistance* which was anticipated, the *Athlete* or other *Person* may appeal the reinstatement pursuant to Article 13.2.

10.5.4 Admission of an Anti-Doping Rule Violation in the Absence of Other Evidence

Where an *Athlete* or other *Person* voluntarily admits the commission of an anti-doping rule violation before having received notice of a *Sample* collection which could establish an anti-doping rule violation (or, in the case of an anti-doping rule violation other than Article 2.1, before receiving first notice of the admitted violation pursuant to Article 7) and that admission is the only reliable evidence of the violation at the time of admission, then the period of *Ineligibility* may be reduced, but not below one-half of the period of *Ineligibility* otherwise applicable.

10.5.5 Where an *Athlete* or Other *Person* Establishes Entitlement to Reduction in Sanction under More than One Provision of this Article

Before applying any reduction or suspension under Articles 10.5.2, 10.5.3 or 10.5.4, the otherwise applicable period of *Ineligibility* shall be determined in accordance with Articles 10.2, 10.3, 10.4 and 10.6. If the *Athlete* or other *Person* establishes entitlement to a reduction or suspension of the period of *Ineligibility* under two or more of Articles 10.5.2, 10.5.3 or 10.5.4, then the period of *Ineligibility* may be reduced or suspended, but not below one-fourth of the otherwise applicable period of *Ineligibility*.

10.6 Aggravating Circumstances Which May Increase the Period of Ineligibility

If the IOF or its *National Federations* establish in an individual case involving an anti-doping rule violation other than violations under Articles 2.7 (*Trafficking or Attempted Trafficking*) and 2.8 (*Administration or Attempted Administration*) that aggravating circumstances are present which justify the imposition of a period of *Ineligibility* greater than the standard sanction, then the period of *Ineligibility* otherwise applicable shall be increased up to a maximum of four (4) years unless the *Athlete* or other *Person* can prove to the comfortable satisfaction of the hearing panel that he did not knowingly commit the anti-doping rule violation.

An *Athlete* or other *Person* can avoid the application of this Article by admitting the anti-doping rule violation as asserted promptly after being

confronted with the anti-doping rule violation by the IOF or its *National Federations*.

10.7 Multiple Violations

10.7.1 Second Anti-Doping Rule Violation

For an *Athlete's* or other *Person's* first anti-doping rule violation, the period of *Ineligibility* is set forth in Articles 10.2 and 10.3 (subject to elimination, reduction or suspension under Articles 10.4 or 10.5, or to an increase under Article 10.6). For a second anti-doping rule violation the period of *Ineligibility* shall be within the range set forth in the table below.

Second Violation	RS	FFMT	NSF	St	AS	TRA
First Violation						
RS	1-4	2-4	2-4	4-6	8-10	10-life
FFMT	1-4	4-8	4-8	6-8	10-life	life
NSF	1-4	4-8	4-8	6-8	10-life	life
St	2-4	6-8	6-8	8-life	life	life
AS	4-5	10-life	10-life	life	life	life
TRA	8-life	life	life	life	life	life

Definitions for purposes of the second anti-doping rule violation table:

RS (Reduced sanction for Specified Substance under Article 10.4): The anti-doping rule violation was or should be sanctioned by a reduced sanction under Article 10.4 because it involved a Specified Substance and the other conditions under Article 10.4 were met.

FFMT (Filing Failures and/or Missed Tests): The anti-doping rule violation was or should be sanctioned under Article 10.3.3 (Filing Failures and/or Missed Tests).

NSF (Reduced sanction for *No Significant Fault or Negligence*): The anti-doping rule violation was or should be sanctioned by a reduced sanction under Article 10.5.2 because *No Significant Fault or Negligence* under Article 10.5.2 was proved by the *Athlete*.

St (Standard sanction under Articles 10.2 or 10.3.1): The anti-doping rule violation was or should be sanctioned by the standard sanction of two (2) years under Articles 10.2 or 10.3.1.

AS (Aggravated sanction): The anti-doping rule violation was or should be sanctioned by an aggravated sanction under Article 10.6 because the *Anti-Doping Organization* established the conditions set forth under Article 10.6.

TRA (*Trafficking* or *Attempted Trafficking* and administration or *Attempted* administration): The anti-doping rule violation was or should be sanctioned by a sanction under Article 10.3.2.

10.7.2 Application of Articles 10.5.3 and 10.5.4 to Second Anti-Doping Rule Violation

Where an *Athlete* or other *Person* who commits a second anti-doping rule violation establishes entitlement to suspension or reduction of a portion of the period of *Ineligibility* under Article 10.5.3 or Article 10.5.4, the hearing panel shall first determine the otherwise applicable period of *Ineligibility* within the range established in the table in Article 10.7.1, and then apply the appropriate suspension or reduction of the period of *Ineligibility*. The remaining period of *Ineligibility*, after applying any suspension or reduction under Articles 10.5.3 and 10.5.4, must be at least one-fourth of the otherwise applicable period of *Ineligibility*.

10.7.3 Third Anti-Doping Rule Violation

A third anti-doping rule violation will always result in a lifetime period of *Ineligibility*, except if the third violation fulfils the condition for elimination or reduction of the period of *Ineligibility* under Article 10.4 or involves a violation of Article 2.4 (Filing Failures and/or and Missed Tests). In these particular cases, the period of *Ineligibility* shall be from eight (8) years to life ban.

10.7.4 Additional Rules for Certain Potential Multiple Violations

- For purposes of imposing sanctions under Article 10.7, an Anti-Doping Rule violation will only be considered a second violation if the IOF (or its *National Federation*) can establish that the *Athlete* or other *Person* committed the second anti-doping rule violation after the *Athlete* or other *Person* received notice pursuant to Article 7 (Results Management), or after the IOF (or its *National Federation*) made reasonable efforts to give notice, of the first anti-doping rule violation; if the IOF (or its *National Federation*) cannot establish this, the violations shall be considered together as one single first violation, and the sanction imposed shall be based on the violation that carries the more severe sanction; however, the occurrence of multiple violations may be considered as a factor in determining aggravating circumstances (Article 10.6).

- If, after the resolution of a first anti-doping rule violation, the IOF (*or its National Federations*) discovers facts involving an anti-doping rule violation by the *Athlete* or other *Person* which occurred prior to notification regarding the first violation, then the IOF (*or its National Federations*) shall impose an additional sanction based on the sanction that could have been imposed if the two violations would have been adjudicated at the same time. Results in all *Competitions* dating back to the earlier anti-doping rule violation will be *Disqualified* as provided in Article 10.8. To avoid the possibility of a finding of Aggravating Circumstances (Article 10.6) on account of the earlier-in-time but later-discovered violation, the *Athlete* or other *Person* must voluntarily admit the earlier anti-doping rule violation on a timely basis after notice of the violation for which he or she is first charged. The same rule shall also apply when the IOF (*or its National Federations*) discovers facts involving another prior violation after the resolution of a second anti-doping rule violation.

10.7.5 Multiple Anti-Doping Rule Violations during an Eight-Year Period

For purposes of Article 10.7, each anti-doping rule violation must take place within the same eight (8) year period in order to be considered multiple violations.

10.8 Disqualification of Results in Competitions Subsequent to Sample Collection or Commission of an Anti-Doping Rule Violation

In addition to the automatic *Disqualification* of the results in the *Competition* which produced the positive *Sample* under Article 9 (*Automatic Disqualification of Individual Results*), all other competitive results obtained from the date a positive *Sample* was collected (whether *In-Competition* or *Out-of-Competition*), or other anti-doping rule violation occurred, through the commencement of any *Provisional Suspension* or *Ineligibility* period, shall, unless fairness requires otherwise, be *Disqualified* with all of the resulting *Consequences* including forfeiture of any medals, points and prizes.

10.8.1 As a condition of regaining eligibility after being found to have committed an anti-doping rule violation, the *Athlete* must first repay all prize money forfeited under this Article.

10.8.2 Allocation of Forfeited Prize Money.
Forfeited prize money shall be reallocated to other *Athletes*.

10.9 Commencement of Ineligibility Period

Except as provided below, the period of *Ineligibility* shall start on the date of the hearing decision providing for *Ineligibility* or, if the hearing is waived, on the date *Ineligibility* is accepted or otherwise imposed. Any period of *Provisional Suspension* (whether imposed or voluntarily accepted) shall be credited against the total period of *Ineligibility* imposed.

10.9.1 Delays Not Attributable to the *Athlete* or other *Person*

Where there have been substantial delays in the hearing process or other aspects of *Doping Control* not attributable to the *Athlete* or other *Person*, the IOF or *Anti-Doping Organization* imposing the sanction may start the period of *Ineligibility* at an earlier date commencing as early as the date of *Sample* collection or the date on which another anti-doping rule violation last occurred.

10.9.2 Timely Admission

Where the *Athlete* promptly (which, in all events, means before the *Athlete* competes again) admits the anti-doping rule violation after being confronted with the anti-doping rule violation by the IOF or its *National Federations*, the period of *Ineligibility* may start as early as the date of *Sample* collection or the date on which another anti-doping rule violation last occurred. In each case, however, where this Article is applied, the *Athlete* or other *Person* shall serve at least one-half of the period of *Ineligibility* going forward from the date the *Athlete* or other *Person* accepted the imposition of a sanction, the date of a hearing decision imposing a sanction, or the date the sanction is otherwise imposed.

10.9.3 If a *Provisional Suspension* is imposed and respected by the *Athlete*, then the *Athlete* shall receive a credit for such period of *Provisional Suspension* against any period of *Ineligibility* which may ultimately be imposed.

10.9.4 If an *Athlete* voluntarily accepts a *Provisional Suspension* in writing from the IOF or its *National Federations* and thereafter refrains from competing, the *Athlete* shall receive a credit for such period of voluntary *Provisional Suspension* against any period of *Ineligibility* which may ultimately be imposed. A copy of the *Athlete's* voluntary acceptance of a *Provisional Suspension* shall be provided promptly to each party entitled to receive notice of a potential anti-doping rule violation under Article 14.1.

10.9.5 No credit against a period of *Ineligibility* shall be given for any time period before the effective date of the *Provisional Suspension* or voluntary *Provisional Suspension* regardless of whether the *Athlete* elected not to compete or was suspended by his or her team.

10.10 Status During *Ineligibility*

10.10.1 Prohibition against Participation during *Ineligibility*

No *Athlete* or other *Person* who has been declared *Ineligible* may, during the period of *Ineligibility*, participate in any capacity in a *Competition* or activity (other than authorized anti-doping education or rehabilitation programs) authorized or organized by the IOF or any *National*

Federation, or a club or other member organization of the IOF or any *National Federation*, or in *Competitions* authorized or organized by any professional league or any international or national level *Event* organization.

An *Athlete* or another *Person* subject to a period of *Ineligibility* longer than four years may, after completing four years of the period of *Ineligibility*, participate in local sport events in a sport other than the sport in which the *Athlete* or other *Person* committed the anti-doping rule violation, but only so long as the local sport event is not at a level that could otherwise qualify such *Athlete* or other *Person* directly or indirectly to compete in (or accumulate points toward) a national championship or an *IOF Event*.

An *Athlete* or other *Person* subject to a period of *Ineligibility* shall remain subject to *Testing*.

10.10.2 Violation of the Prohibition of Participation during *Ineligibility*

Where an *Athlete* or other *Person* who has been declared *Ineligible* violates the prohibition against participation during *Ineligibility* described in Article 10.10.1, the results of such participation shall be *Disqualified* and the period of *Ineligibility* which was originally imposed shall start over again as of the date of the violation. The new period of *Ineligibility* may be reduced under Article 10.5.2 if the *Athlete* or other *Person* establishes he or she bears *No Significant Fault or Negligence* for violating the prohibition against participation. The determination of whether an *Athlete* or other *Person* has violated the prohibition against participation, and whether a reduction under Article 10.5.2 is appropriate, shall be made by the IOF or its *National Federations*.

10.10.3 Withholding of Financial Support during *Ineligibility*

In addition, for any anti-doping rule violation not involving a reduced sanction for *Specified Substances* as described in Article 10.4, some or all sport-related financial support or other sport-related benefits received by such *Person* will be withheld by the IOF and its *National Federations*.

10.11 Reinstatement Testing

As a condition to regaining eligibility at the end of a specified period of *Ineligibility*, an *Athlete* must, during any period of *Provisional Suspension* or *Ineligibility*, make him-/herself available for *Out-of-Competition Testing* by the IOF, the applicable *National Federation*, and any other *Anti-Doping Organization* having *Testing* jurisdiction, and must, if requested, provide current and accurate whereabouts information. If an *Athlete* subject to a period of *Ineligibility* retires from sport and is removed from *Out-of-Competition Testing* pools and later seeks reinstatement, the *Athlete* shall not be eligible for reinstatement until the *Athlete* has notified the IOF and the applicable *National*

Federation and has been subject to *Out-of-Competition Testing* for a period of time equal to the longer of (a) the period set forth in Article 5.6 and (b) period of *Ineligibility* remaining as of the date the *Athlete* had retired. During such remaining period of *Ineligibility*, a minimum of 2 tests must be conducted on the *Athlete* with at least three months between each test. The *National Federation* shall be responsible for conducting the necessary tests, but tests by any *Anti-Doping Organization* may be used to satisfy the requirement. The results of such tests shall be reported to the IOF. In addition, immediately prior to the end of the period of *Ineligibility*, an *Athlete* must undergo *Testing* by the IOF of its *National Federations* for the *Prohibited Substances and Methods* that are prohibited in *Out-of-Competition Testing*. Once the period of an *Athlete's Ineligibility* has expired, and the *Athlete* has fulfilled the conditions of reinstatement, then the *Athlete* will become automatically re-eligible and no application by the *Athlete* or by the *Athlete's National Federation* will then be necessary.

ARTICLE 11 CONSEQUENCES TO TEAMS

11.1 Testing of teams

Where one member of a team (outside of *Team Sports*) has been notified of an anti-doping rule violation under Article 7 in connection with an *Event*, the ruling body for the *Event* shall conduct appropriate *Target Testing* of all members of the team during the *Event Period*.

11.2 Consequences for teams

11.2.1 An anti-doping rule violation committed by a member of a team in connection with an *In-Competition* test automatically leads to *Disqualification* of the result obtained in that *Competition* by the team with all resulting consequences for the team and its members, including forfeiture of any medals, points and prizes.

11.2.2 An anti-doping rule violation committed by a member of a team occurring during or in connection with an *Event* may lead to *Disqualification* of all of the results obtained by the team in that *Event* with all consequences for the team and its members, including forfeiture of all medals, points and prizes, except as provided in Article 11.2.3.

11.2.3 If the *Athlete* member of a team, who committed an anti-doping rule violation occurring during or in connection with an *Event*, establishes that he or she bears *No Fault or Negligence* for the violation, the results of the team in the other *Competition* shall not be *Disqualified* unless the results of the team in *Competition* other than the *Competition* in which the anti-doping rule violation occurred were likely to have been affected by the *Athlete's* anti-doping rule violation.

11.3 Event Ruling Body May Establish Stricter Consequences for teams.

The ruling body for an *Event* may elect to establish rules for the *Event* which impose *Consequences* for teams stricter than those in Article 11.2 for purposes of the *Event*.

ARTICLE 12 SANCTIONS AND COSTS ASSESSED AGAINST NATIONAL FEDERATIONS

12.1 The IOF has the authority to withhold some or all funding or other non-financial support to *National Federations* that are not in compliance with these Anti-Doping Rules.

12.2 *National Federations* shall be obligated to reimburse the IOF for all costs (including, but not limited to, laboratory fees, hearing expenses and travel) related to a violation of these Anti-Doping Rules committed by an *Athlete* or other *Person* affiliated with that *National Federation*.

12.3 The IOF may elect to take additional disciplinary action against National Federations with respect to recognition, the eligibility of its officials and athletes to participate in *IOF Events*, and fines based on the following:

12.3.1 Four or more violations of these Anti-Doping Rules (other than violations involving Articles 2.4 and 10.3) are committed by *Athletes* or other *Persons* affiliated with a *National Federation* within a 12-month period in testing conducted by the IOF or Anti-Doping Organizations other than the *National Federation* or its *National Anti-Doping Organization*. In such event the IOF may, in its discretion, elect to:

(a) ban all officials from that *National Federation* from participation in any IOF activities for a period of up to two years and/or

(b) fine the *National Federation* in an amount up to 100,000 Euros. (For purposes of this Rule, any fine paid pursuant to Rule 12.3.2 shall be credited against any fine assessed.)

12.3.1.1 If four or more violations of these Anti-Doping Rules (other than violations involving Articles 2.4 and 10.3) are committed in addition to the violations described in Article 12.3.1 by *Athletes* or other *Persons* affiliated with a *National Federation* within a 12-month period in testing conducted by the IOF or Anti-Doping Organizations other than the *National Federation* or its *National Anti-Doping Organization*, then the IOF may suspend that *National Federation's* membership for a period of up to four (4) years.

12.3.2 More than one *Athlete* or other *Person* from a *National Federation* commits an *Anti-Doping Rule* violation during an *IOF Event*. In such event, the IOF may fine that *National Federation* in an amount up to 100,000 Euros.

12.3.3 A *National Federation* has failed to make diligent efforts to keep the IOF informed about an *Athlete's* whereabouts after receiving a request for that information from the IOF. In such event, the IOF may consider to ban the *National Federation* from participation in *IOF Events*.

ARTICLE 13 APPEALS

13.1 Decisions Subject to Appeal

Decisions made under these Anti-Doping Rules may be appealed as set forth below in Article 13.2 through 13.4 or as otherwise provided in these Anti-Doping Rules. Such decisions shall remain in effect while under appeal unless the appellate body orders otherwise. Before an appeal is commenced, any post-decision review provided in these rules or in the rules of the *Anti-Doping Organization* conducting the hearing process as per Article 8 must be exhausted (except as provided in Article 13.1.1).

13.1.1 WADA Not Required to Exhaust Internal Remedies

Where *WADA* has a right to appeal under Article 13 and no other party has appealed a final decision within the IOF or its *National Federation's* process, *WADA* may appeal such decision directly to *CAS* without having to exhaust other remedies in the IOF or its *National Federation's* process.

13.2 Appeals against Decisions Regarding *Anti-Doping Rule* Violations, Consequences, and *Provisional Suspensions*

A decision that an Anti-Doping Rule violation was committed, a decision imposing *Consequences* for an anti-doping rule violation, or a decision that no Anti-Doping Rule violation was committed; a decision that an anti-doping rule violation proceeding cannot go forward for procedural reasons (including, for example, prescription); a decision under Article 10.10.2 (Violation of the Prohibition of Participation during *Ineligibility*); a decision that the *IOF* or its *National Federation* lacks jurisdiction to rule on an alleged anti-doping rule violation or its *Consequences*; a decision by an *Anti-Doping Organization* not to bring forward an *Adverse Analytical Finding* or an *Atypical Finding* as an anti-doping rule violation, or a decision not to go forward with an anti-doping rule violation after an investigation under Article 7.4; and a decision to impose a *Provisional Suspension* as a result of a *Provisional Hearing* or in violation of Article 7.5 may be appealed exclusively as provided in this Article 13.2.

13.2.1 Appeals Involving *International-Level Athletes*

In cases arising from participation in an *IOF Event* or in cases involving *IOF Level Athletes*, the decision may be appealed exclusively to CAS in accordance with the provisions applicable before such court.

13.2.2 Appeals Involving National-Level *Athletes*

In cases involving *national-level Athletes* as defined by each *National Anti-Doping Organization* who do not have a right to appeal under Article 13.2.1, the decision may be appealed to an independent and impartial body in accordance with rules established by the *National Anti-Doping Organization*. If the *National Anti-Doping Organization* has not established such a body, the decision may be appealed to CAS in accordance with the provisions applicable before such court.

13.2.3 *Persons* Entitled to Appeal

In cases under Article 13.2.1, the following parties shall have the right to appeal to CAS:

- (a) the *Athlete* or other *Person* who is the subject of the decision being appealed;
- (b) the other party to the case in which the decision was rendered;
- (c) the IOF;
- (d) the *National Anti-Doping Organization* of the *Person's* country of residence or countries where the *Person* is a national or license holder; and
- (e) WADA.

In cases under Article 13.2.2, the parties having the right to appeal to the national level reviewing body shall be as provided in the *National Anti-Doping Organization's* rules but, at a minimum, shall include the following parties:

- (a) the *Athlete* or other *Person* who is the subject of the decision being appealed;
- (b) the other party to the case in which the decision was rendered;
- (c) the IOF; and
- (d) the *National Anti-Doping Organization* of the *Person's* country of residence; and

(e) *WADA*.

For cases under Article 13.2.2, *WADA* and the International Federation shall also have the right to appeal to *CAS* with respect to the decision of the national level reviewing body. Any party filing an appeal shall be entitled to assistance from *CAS* to obtain all relevant information from the *Anti-Doping Organization* whose decision is being appealed and the information shall be provided if *CAS* so directs.

Notwithstanding any other provision herein, the only *Person* who may appeal from a *Provisional Suspension* is the *Athlete* or other *Person* upon whom the *Provisional Suspension* is imposed.

13.3 Failure to Render a Timely Decision by the IOF and its *National Federations*

Where, in a particular case, the IOF or its *National Federations* fail to render a decision with respect to whether an anti-doping rule violation was committed within a reasonable deadline set by *WADA*, *WADA* may elect to appeal directly to *CAS* as if the IOF or its *National Federations* had rendered a decision finding no anti-doping rule violation. If the *CAS* hearing panel determines that an anti-doping rule violation was committed and that *WADA* acted reasonably in electing to appeal directly to *CAS*, then *WADA*'s costs and attorneys fees in prosecuting the appeal shall be reimbursed to *WADA* by the IOF or its *National Federations*.

13.4 Appeals against Decisions Granting or Denying a Therapeutic Use Exemption

Decisions by *WADA* reversing the grant or denial of a *TUE* may be appealed exclusively to *CAS* by the *Athlete* or the *Anti-Doping Organization* whose decision was reversed. Decisions by *Anti-Doping Organizations* other than *WADA* denying *TUE*'s, which are not reversed by *WADA*, may be appealed by *International-Level Athletes* to *CAS* and by other *Athletes* to the national level reviewing body described in Article 13.2.2. If the national level reviewing body reverses the decision to deny a *TUE*, that decision may be appealed to *CAS* by *WADA*.

When the IOF, *National Anti-Doping Organizations* or other bodies designated by *National Federations* fail to take action on a properly submitted *TUE* application within a reasonable time, their failure to decide may be considered a denial for purposes of the appeal rights provided in this Article.

13.5 Appeal from Decisions Pursuant to Article 12

Decisions by the IOF pursuant to Article 12 may be appealed exclusively to *CAS* by the *National Federation*.

13.6 Time for Filing Appeals

The time to file an appeal to CAS shall be twenty-one (21) days from the date of receipt of the decision by the appealing party. The above notwithstanding, the following shall apply in connection with appeals filed by a party entitled to appeal but which was not a party to the proceedings having lead to the decision subject to appeal:

a) Within ten (10) days from notice of the decision, such party/ies shall have the right to request, from the body having issued the decision, a copy of the file on which such body relied;

b) If such a request is made within the ten-day period, then the party making such request shall have twenty-one (21) days from receipt of the file to file an appeal to CAS.

The above notwithstanding, the filing deadline for an appeal or intervention filed by *WADA* shall be the later of:

(a) Twenty-one (21) days after the last day on which any other party in the case could have appealed, or

(b) Twenty-one (21) days after *WADA's* receipt of the complete file relating to the decision.

ARTICLE 14 REPORTING AND RECOGNITION

14.1 Notice, Confidentiality and Reporting

14.1.1 Notice to *Athletes* and Other *Persons*

Notice to *Athletes* or other *Persons* shall occur as provided under Article 7. Notice to an *Athlete* or other *Person* who is a member of a *National Federation* may be accomplished by delivery of the notice to the *National Federation*.

14.1.2 Notice to *National Anti-Doping Organizations*, the IOF and *WADA*

Notice to *National Anti-Doping Organizations*, the IOF and *WADA* shall occur as provided under Article 7.

14.1.3 Content of Notification

Notification to the *Athlete's National Anti-Doping Organization*, the IOF and *WADA* according to Article 7 shall include: the *Athlete's* name, country, sport and discipline within the sport, the *Athlete's* competitive level, whether the test was *In-Competition* or *Out-of-Competition*, the date of *Sample* collection and the analytical result reported by the laboratory.

14.1.4 Status Reports

The same *Persons* and *Anti-Doping Organizations* shall be regularly updated on the status and findings of any review or proceedings conducted pursuant to Articles 7 (Results Management), 8 (Right to a Fair Hearing) or 13 (Appeals) and shall be provided with a prompt written reasoned explanation or decision explaining the resolution of the matter.

14.1.5 Confidentiality

The recipient organizations shall not disclose this information beyond those *Persons* with a need to know (which would include the appropriate personnel at the applicable *National Olympic Committee, National Federation, and team in a Team Sport*) until the *Anti-Doping Organization* with results management responsibility has made public disclosure or has failed to make public disclosure as required in Article 14.2 below.

14.2 Public Disclosure

14.2.1 The identity of any *Athlete* or other *Person* who is asserted by the IOF or its *National Federations* to have committed an anti-doping rule violation, may be *publicly disclosed* by the IOF or its *National Federations* only after notice has been provided to the *Athlete* or other *Person* in accordance with Articles 7.1, 7.2 or 7.4, and to the applicable *Anti-Doping Organizations* in accordance with Article 14.1.2.

14.2.2 No later than twenty (20) days after it has been determined in a hearing in accordance with Article 8 that an anti-doping rule violation has occurred, or such hearing has been waived, or the assertion of an anti-doping rule violation has not been timely challenged, the IOF or its *National Federations* must publicly report the disposition of the anti-doping matter including the sport, the anti-doping rule violated, the name of the *Athlete* or other *Person* committing the violation, the *Prohibited Substance or Prohibited Method* involved and the *Consequences* imposed. The IOF or its *National Federations* must also publicly report within twenty (20) days appeal decisions concerning anti-doping rule violations. The IOF or its *National Federations* shall also, within the time period for publication, send all hearing and appeal decisions to WADA.

14.2.3 In any case where it is determined, after a hearing or appeal, that the *Athlete* or other *Person* did not commit an anti-doping rule violation, the decision may be disclosed publicly only with the consent of the *Athlete* or other *Person* who is the subject of the decision. The IOF and its *National Federations* shall use reasonable efforts to obtain such consent, and if consent is obtained, shall publicly disclose the decision in its entirety or in such redacted form as the *Athlete* or other *Person* may approve.

14.2.4 For purposes of Article 14.2, publication shall be accomplished at a minimum by placing the required information on the IOF or its *National Federations'* Web site and leaving the information up for at least one (1) year.

14.2.5 Neither the IOF, nor its National Federation, or official of either, shall publicly comment on the specific facts of a pending case (as opposed to general description of process and science) except in response to public comments attributed to the *Athlete*, other *Person* or their representatives.

14.3 Athlete Whereabouts Information

As further provided in the *International Standard for Testing*, *Athletes* who have been identified by the IOF or its *National Federations* for inclusion in a *Registered Testing Pool* shall provide accurate, current location information. The IOF and *National Anti-Doping Organizations* shall coordinate the identification of *Athletes* and the collecting of current location information and shall submit these to *WADA*. This information will be accessible, through *ADAMS* where reasonably feasible, to other *Anti-Doping Organizations* having jurisdiction to test the *Athlete*. This information shall be maintained in strict confidence at all times; shall be used exclusively for purposes of planning, coordinating or conducting *Testing*; and shall be destroyed after it is no longer relevant for these purposes.

14.4 Statistical Reporting

The IOF or its *National Federations* shall, at least annually, publish publicly a general statistical report of their *Doping Control* activities with a copy provided to *WADA*. The IOF or its *National Federations* may also publish reports showing the name of each *Athlete* tested and the date of each *Testing*.

14.5 Doping Control Information Clearinghouse

WADA shall act as a central clearinghouse for *Doping Control Testing* data and results for *International-Level Athletes* and national-level *Athletes* who have been included in their *National Anti-Doping Organization's Registered Testing Pool*. To facilitate coordinated test distribution planning and to avoid unnecessary duplication in *Testing* by the various *Anti-Doping Organizations*, the IOF or its *National Federations* shall report all *In-Competition* and *Out-of-Competition* tests on such *Athletes* to the *WADA* clearinghouse as soon as possible after such tests have been conducted. This information will be made accessible to the *Athlete*, the *Athlete's* National Federation, *National Olympic Committee* or National Paralympic Committee, *National Anti-Doping Organization*, the IOF, and the International Olympic Committee or International Paralympic Committee.

To enable it to serve as a clearinghouse for *Doping Control Testing* data, WADA has developed a database management tool, *ADAMS*, that reflects emerging data privacy principles. Private information regarding an *Athlete*, *Athlete Support Personnel*, or others involved in anti-doping activities shall be maintained by WADA, which is supervised by Canadian privacy authorities, in strict confidence and in accordance with the *International Standard* for the protection of privacy.

14.6 Data Privacy

When performing obligations under these rules, the IOF or its *National Federations* may collect, store, process or disclose personal information relating to *Athletes* and third parties. The IOF or its *National Federations* shall ensure that they comply with applicable data protection and privacy laws with respect to their handling of such information, as well as the *International Standard* for the protection of privacy that WADA shall adopt to ensure *Athletes* and non-athletes are fully informed of and, where necessary, agree to the handling of their personal information in connection with anti-doping activities arising under the *Code* and these *anti-doping rules*.

ARTICLE 15 MUTUAL RECOGNITION

15.1 Subject to the right to appeal provided in Article 13, *Testing*, *TUE's* and hearing results or other final adjudications of any *National Federation* or *Signatory* which are consistent with the *Code* and are within the *National Federation* or *Signatory's* authority, shall be recognized and respected by the IOF and all *National Federations*.

15.2 The IOF and its *National Federations* shall recognize the same actions of other bodies which have not accepted the *Code* if the rules of those bodies are otherwise consistent with the *Code*.

15.3 Subject to the right to appeal provided in Article 13, any decision of the IOF regarding a violation of these Anti-Doping Rules shall be recognized by all *National Federations*, which shall take all necessary action to render such decision effective.

ARTICLE 16 INCORPORATION OF IOF ANTI-DOPING RULES

All *National Federations* shall comply with these Anti-Doping Rules. These Anti-Doping Rules shall also be incorporated either directly or by reference into each *National Federations* Rules. All *National Federations* shall include in their regulations the procedural rules necessary to effectively implement these Anti-Doping Rules.

ARTICLE 17 STATUTE OF LIMITATIONS

No action may be commenced against an *Athlete* or other *Person* for an anti-doping rule violation contained in these Anti-Doping Rules unless such action is commenced within eight (8) years from the date the violation is asserted to have occurred.

ARTICLE 18 IOF COMPLIANCE REPORTS TO WADA

The IOF will report to *WADA* on the IOF's compliance with the *Code* every second year and shall explain reasons for any noncompliance.

ARTICLE 19 AMENDMENT AND INTERPRETATION OF ANTI-DOPING RULES

19.1 These Anti-Doping Rules may be amended from time to time by the IOF.

19.2 These Anti-Doping Rules shall be interpreted as an independent and autonomous text and not by reference to existing law or statutes, except as provided in Article 18.5.

19.3 The headings used for the various Parts and Articles of these Anti-Doping Rules are for convenience only and shall not be deemed part of the substance of these Anti-Doping Rules or to affect in any way the language of the provisions to which they refer.

19.4 The INTRODUCTION, APPENDIX I DEFINITIONS and the *International Standards* issued by *WADA* shall be considered integral parts of these Anti-Doping Rules.

19.5 These Anti-Doping Rules have been adopted pursuant to the applicable provisions of the *Code* and shall be interpreted in a manner that is consistent with applicable provisions of the *Code*.

19.6 The comments annotating various provisions of the *Code* and these Anti-Doping Rules should be used to interpret these Anti-Doping Rules.

19.7 These Anti-Doping Rules have come into full force and effect on 1 January 2009 (the "**Effective Date**"). They shall not apply retrospectively to matters pending before the Effective Date; provided, however, that:

19.7.1 With respect to any anti-doping rule violation case which is pending as of the Effective Date and any anti-doping rule violation case brought after the Effective Date based on an anti-doping rule violation which occurred prior to the Effective Date, the case shall be governed by the substantive anti-doping rules in effect at the time the alleged anti-doping rule violation occurred unless the panel hearing the case determines the principle of "lex mitior" appropriately applies under the circumstances of the case.

19.7.2 Any Article 2.4 whereabouts violation (whether a filing failure or a missed test) declared by the IOF under rules in force prior to the Effective Date that has not expired prior to the Effective Date and that would qualify as a whereabouts violation under Article 11 of the *International Standard for Testing* shall be carried forward and may be relied upon, prior to expiry, in accordance with the *International Standards for Testing*.

19.7.3 With respect to cases where a final decision finding an anti-doping rule violation has been rendered prior to the Effective Date, but the *Athlete* or other *Person* is still serving the period of *Ineligibility* as of the Effective Date, the *Athlete* or other *Person* may apply to the *Anti-Doping Organization* which had results management responsibility for the anti-doping rule violation to consider a reduction in the period of *Ineligibility* in light of these anti-doping rules. Such application must be made before the period of *Ineligibility* has expired. The decision rendered may be appealed pursuant to Article 13.2. These anti-doping rules shall have no application to any anti-doping rule violation case where a final decision finding an anti-doping rule violation has been rendered and the period of *Ineligibility* has expired.

19.7.4 Subject always to Article 10.7.5, anti-doping rule violations committed under rules in force prior to the Effective Date shall be taken into account as prior offences for purposes of determining sanctions under Article 10.7. Where such pre-Effective Date anti-doping rule violation involved a substance that would be treated as a Specified Substance under these Anti-Doping Rules, for which a period of *Ineligibility* of less than two years was imposed, such violation shall be considered a Reduced Sanction violation for purposes of Article 10.7.1.

Adverse Analytical Finding. A report from a laboratory or other WADA-approved *Testing* entity that, consistent with the *International Standard* for Laboratories and related Technical Documents, identifies in a *Sample* the presence of a *Prohibited Substance* or its *Metabolites* or *Markers* (including elevated quantities of endogenous substances) or evidence of the *Use of a Prohibited Method*.

Anti-Doping Organization. A *Signatory* that is responsible for adopting rules for initiating, implementing or enforcing any part of the *Doping Control* process. This includes, for example, the International Olympic Committee, the International Paralympics Committee, and other *Major Event Organizations* that conduct *Testing* at their *Events*, WADA, International Federations, and *National Anti-Doping Organizations*.

Athlete. Any *Person* who participates in sport at the international level (as defined by each International Federation), the national level (as defined by each *National Anti-Doping Organization*, including but not limited to those *Persons* in its *Registered Testing Pool*), and any other competitor in sport who is otherwise subject to the jurisdiction of any *Signatory* or other sports organization accepting the *Code*. All provisions of the *Code*, including, for example, *Testing*, and *TUEs* must be applied to international and national-level competitors. Some *National Anti-Doping Organizations* may elect to test and apply anti-doping rules to recreational-level or masters competitors who are not current or potential national caliber competitors. *National Anti-Doping Organizations* are not required, however, to apply all aspects of the *Code* to such *Persons*. Specific national rules may be established for Doping Control for non-international-level or non-national-level competitors without being in conflict with the *Code*. Thus, a country could elect to test recreational-level competitors but not require *TUEs* or whereabouts information. In the same manner, a *Major Event Organization* holding an *Event* only for masters-level competitors could elect to test the competitors but not require advance *TUE* or whereabouts information. For purposes of Article 2.8 (Administration or *Attempted Administration*) and for purposes of anti-doping information and education, any *Person* who participates in sport under the authority of any *Signatory*, government, or other sports organization accepting the *Code* is an *Athlete*.

Attempt. Purposely engaging in conduct that constitutes a substantial step in a course of conduct planned to culminate in the commission of an anti-doping rule

violation. Provided, however, there shall be no anti-doping rule violation based solely on an *Attempt* to commit a violation if the *Person* renounces the *Attempt* prior to it being discovered by a third party not involved in the *Attempt*.

Atypical Finding. A report from a laboratory or other WADA-approved entity which requires further investigation as provided by the *International Standard for Laboratories* or related Technical Documents prior to the determination of an *Adverse Analytical Finding*.

CAS. The Court of Arbitration for Sport.

(b) *Ineligibility* means the *Athlete* or other *Person* is barred for a specified period of time from participating in any *Competition* or other activity or funding as provided in Article 10.10; and

(c) *Provisional Suspension* means the *Athlete* or other *Person* is barred temporarily from participating in any *Competition* prior to the final decision at a hearing conducted under Article 8 (Right to a Fair Hearing).

scheduled to participate through the end of such *Competition* and the *Sample* collection process related to such *Competition*.

The identifier is the three letter Olympic code for the athlete's federation, and a three digit serial number (e.g. AUT123).

Major Event Organizations. The continental associations of *National Olympic Committees* and other international multi-sport organizations that function as the ruling body for any continental, regional or other *International Event*.

Marker. A compound, group of compounds or biological parameter(s) that indicates the Use of a *Prohibited Substance* or *Prohibited Method*.

Metabolite. Any substance produced by a biotransformation process.

Minor. A natural *Person* who has not reached the age of majority as established by the applicable laws of his or her country of residence.

National Anti-Doping Organization. The entity(ies) designated by each country as possessing the primary authority and responsibility to adopt and implement anti-doping rules, direct the collection of *Samples*, the management of test results, and the conduct of hearings, all at the national level. This includes an entity which may be designated by multiple countries to serve as regional *Anti-Doping Organization* for such countries. If this designation has not been made by the competent public authority(ies), the entity shall be the country's *National Olympic Committee* or its designee.

The actual, physical *Possession*, or the constructive *Possession* (which shall be found only if the person has exclusive control over the *Prohibited Substance* or *Prohibited Method* or the premises in which a *Prohibited Substance* or *Prohibited Method* exists); provided, however, that if the person does not have exclusive control over the *Prohibited Substance* or *Prohibited Method* or the premises in which a *Prohibited Substance* or *Prohibited Method* exists, constructive *Possession* shall only be found if the person knew about the presence of the *Prohibited Substance* or *Prohibited Method* and intended to exercise control over it. Provided, however, there shall be no anti-doping rule violation based solely on *Possession* if, prior to receiving notification of any kind that the *Person* has committed an anti-doping rule violation, the *Person* has taken concrete action demonstrating that the *Person* never intended to have *Possession* and has renounced *Possession* by explicitly declaring it to an *Anti-Doping Organization*.
